

South West District Director

Sue Fuhrman

777 Blue Chip Drive

Michigan City, IN

April 13, 2026

The clubs of the South West District have installed officers and have made plans for the coming garden club year. The Arts and Flowers Garden Club of Washington just completed a very successful “Through the Garden Gate” Expo. They hosted this director at the April meeting who spoke on the “Programs and Awards of TGCI”. The Boonville Garden Club is busy planning the South West District Meeting on September 24. They plan to continue their very successful Yard of the Month program. The Christmas Lake Village Garden Club has made plans to landscape the newest Habitat for Humanity home in Spencer County and will host Cathy Weber on April 30th whose topic will be “Planting Natives for Monarchs”. The club has invited other clubs in the district to attend, and the public is also invited. The Green Thumb Garden Club of Princeton continues to volunteer at Lyles Station Historic Site and is preparing to host the September Seminar in Princeton on September 9th. The Garden Club of New Harmony continues to maintain several gardens in New Harmony. Check out their Facebook page to see them at work!
